

Appendix F Tabular Data for Risk Assessment

This appendix contains the tabular data used to develop the risk assessment for each participating jurisdiction. The information is organized by jurisdiction. Where available, insurance valuations were used to determine the estimated value of each asset. Where that information was unavailable, the values available for similar-sized jurisdictions were used for estimation purposes only.

Table F-1
Tabular Data – City of Berthold

Facility Name	Tornado Scenario .25 Mile Buffer	SFHA	Wildland Fire Potential (WFP Class)	Hazmat Rail Buffer (within)	Hazmat Pipeline Buffer (within)	Hazmat Fixed Site .5 Mile Buffer (within)	Asset Values (estimated)
Berthold Fire Protection District	Yes	No	Non-burnable	1 Mile	.5 Mile	Yes	\$ 175,496.00
Berthold Ambulance	Yes	No	Non-burnable	1 Mile	.5 Mile	Yes	\$ 175,496.00
Berthold School (shelter)	Yes	No	Very Low	1 Mile	.5 Mile	Yes	\$ 18,350.00
Berthold City Hall	Yes	No	Non-burnable	1 Mile	.5 Mile	Yes	\$ 175,496.00
Berthold Police Department	Yes	No	Non-burnable	1 Mile	.5 Mile	Yes	\$ 175,496.00
Lift Station Cenex Gas Station	Yes	No	Very Low	1 Mile	.5 Mile	No	\$ 63,206.00
Lift Station Rose Ave and Tyler St	Yes	No	Very Low	1 Mile	.5 Mile	Yes	\$ 63,206.00
