

WARD COUNTY JUVENILE DETENTION CENTER 2016

The Ward County Juvenile Detention is pleased to publish its 2016 Annual Report. This report reflects a tremendous amount of change this past year as we continued to move forward in complying with the national standards promulgated under the Prison Rape Elimination Act (PREA). We are committed to keeping those in our custody safe and free from harm and have zero tolerance for sexual assault and harassment of offenders under our jurisdiction.

PRISON RAPE ELIMINATION ACT (PREA)

In September of 2003, President Bush signed the Prison Rape Elimination. In August 2012, the PREA standards promulgated by the United States Department of Justice went into effect. The standards were established to address the problem of sexual abuse and sexual harassment of persons in the custody of U.S. correctional agencies. Major provisions of PREA include the development of standards for detection, prevention, reduction and punishment of prison/jail rapes. We continue to enforce zero tolerance on all issues pertaining to sexual abuse and sexual harassment involving residents and are working continuously to implement new policies, training requirements for staff and residents, and developing standards for detection, prevention, reduction and punishment of rape.

PREA COORDINATOR

We have assigned a senior staff person in the responsibility for overseeing PREA activities. The PREA Coordinator has been appointed to lead our efforts in achieving compliance with PREA standards. Within each unit a PREA Compliance Manager for the has also been appointed.

During this past year these staff, and others, worked to develop new and revise existing policies and procedures to support compliance with PREA standards and protect residents from sexual assault and harassment.

PREA INVESTIGATIONS

It is our policy to thoroughly investigate all complaints of sexual abuse or sexual harassment no matter whether resident-on-resident misconduct or employee misconduct, to properly determine whether the allegations are valid or invalid, and to take appropriate follow-up action.

Facility investigators have been properly trained in sexual harassment and sexual abuse investigations. Whenever an allegation has been in violation of a criminal offense, the matter will be investigated by Larry Hubbard of Ward County Sheriff Office.

TRAINING

Throughout the year staff participated in training conducted by the PREA Resource Center, the National Institute of Corrections, the Moss Group and the Department of Justice.

In addition all new residents were provided training on their rights to be free from sexual abuse and harassment and how to report any incidents of sexual abuse and harassment.

All new staff attended in-depth training on the facilities policies and procedures relating to PREA and all existing staff received in-service training.

PREA-centered training attended or conducted by staff throughout the year included the following:

Correctional Officer School, Monthly Staff Meeting & NIC Online Courses.
