AUDIT FINDINGS

Narrative:

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-audit, on-site audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

An audit of the Ward County Juvenile Detention (WCJD) facility in Minot, North Dakota was conducted on August 2, 2019 by Candy Snyder, a certified PREA auditor, and assisted by Mark Snyder, an auditing assistant.

An entrance meeting began with facility staff Administrator/PREA Compliance Manager, Kristen Holte.

Following the entrance meeting Ms. Holte accompanied the audit team on the facility tour. There were no juveniles present at the facility during the on-site portion of the audit. The auditor conducted an interview with a juvenile telephonically at a later date. Following the tour the team proceeded with specialized staff and then followed up with staff interviews. Private accommodations were made for the auditor to conduct interviews. The auditor was not limited in any way from speaking with staff or inspecting any area of the facility. The auditor interviewed staff who work all shifts. All staff were extremely polite and accommodating throughout the audit. WCJD is a very small facility, with a very limited juvenile population and few staff.

The auditor conducted a review of the application and hiring process with the Human Resources manager. There was one allegation made by a juvenile while confined at another facility regarding the WCJD. This investigation was reviewed by the auditor and was properly investigated. It was determined to be unsubstantiated.

As the facility is quite small, all staff on shift were interviewed including staff from the day shift and the overnight shift. The auditor asked specialized questions of those line staff that perform screenings, perform searches, who are first responders, and staff who conduct the intake process.

An exit briefing was held with the facility Administrator/PREA Compliance Manager and the Senior Corrections Officer. The auditor provided a preliminary finding of each standard with the caveat that this was subject to change as the auditor continued to review documents, may have questions to be answered and prepares the report. The auditor thanked the staff for their hard work, their hard work yet to come, their commitment to follow the Prison Rape Elimination Act and most importantly, their dedication to and caring for the youth under their charge.

AUDIT FINDINGS

Facility Characteristics:

The auditor's description of the audited facility should include details about the facility type, demographics and size of the inmate or resident population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. The auditor should describe how these details are relevant to PREA implementation and compliance.

The Ward County Juvenile Detention (WCJD) facility is located in Minot, North Dakota. The detention facility is located in the lower level of the county courthouse. The new detention center is clean, with good lighting, clear lines of sight and modern technology to aid in youth safety. The detention center includes a booking entrance area with a control room, search area, a youth recreation area and a staff administrative office. There are two housing units that can be used for either male or female youth dependent upon the makeup of the youth population. There is one observation cell that is used for youth who need to be under continual observation due to suicidal ideation. Both housing units are similar with a dayroom and a private shower. All youth shower individually. A-Block has four (4) cells, one (1) of which is the single observation cell for a total capacity of seven (7) youth. B-Block has three (3) cells for a total capacity of six (6) youth. Each cell, except the observation cell, has a combination sink toilet and double bunks for double occupancy. However, the population historically has been very low and only one occupant per room is typical. The total capacity available for Ward County Juvenile Detention is thirteen (13). Throughout the tour of the facility the auditor noted PREA posters and the required posted Audit Notice.

AUDIT FINDINGS

Summary of Audit Findings:

The summary should include the number of standards exceeded, number of standards met, and number of standards not met, along with a list of each of the standards in each category. If relevant, provide a summarized description of the corrective action plan, including deficiencies observed, recommendations made, actions taken by the agency, relevant timelines, and methods used by the auditor to reassess compliance. Auditor Note: No standard should be found to be "Not Applicable" or "NA". A compliance determination must be made for each standard.

Number of standards exceeded:	0
Number of standards met:	43
Number of standards not met:	0

This was the second audit of the Ward Juvenile Detention Center. The facility has continued to maintain great compliance with all PREA standards. There were four standards that the auditor required corrective action. All four were related to posting on the website. The facility assumed all their items were still posted and they were not. 115.322 requires that the investigative policy is posted on the juvenile detention center's website. 115.388 requires the annual report is posted on the website. 115.389 requires the aggregate data be posted on the website. 115.403 requires the previous audit be posted on the website. The auditor reviewed these items in person during the on-site portion of the audit. The facility immediately corrected this and all required public postings were made and can be found at <https://www.co.ward.nd.us/465/Sexual-Abuse-Policy>.

Standards

Auditor Overall Determination Definitions

- Exceeds Standard
(Substantially exceeds requirement of standard)
- Meets Standard
(substantial compliance; complies in all material ways with the stand for the relevant review period)
- Does Not Meet Standard
(requires corrective actions)

Auditor Discussion Instructions

Auditor discussion, including the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

115.311	Zero tolerance of sexual abuse and sexual harassment; PREA coordinator
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>WCJD has a very thorough PREA policy and many other policies and Standard Operating Procedures (SOP) related to PREA protective measures and reporting. The Administrator is the PREA Coordinator and is assisted by the Senior Corrections Officer. They continue to work diligently to meet every standard. The Administrator has the authority to develop, implement and oversee the efforts of the facility to prevent, detect, and respond to sexual abuse and sexual harassment.</p>

115.312	Contracting with other entities for the confinement of residents
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The facility does not contract for the confinement of its residents with other private agencies/entities.</p>

115.313	Supervision and monitoring
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The WCJD consistently runs at low levels of youth with many days of no youth present. This makes it difficult to maintain a very large staff. When youth are present for several days in a row this also results in challenges as staff then sometimes have to work extra hours to provide 24/7 coverage. The WCJDC reviews their staffing needs continuously. This review includes consideration of the 11 items noted in the standard including, among other things, camera surveillance systems, staff coverage, adequacy of supervision and prevailing staffing patterns over the past year. The Department of Corrections Compliance Monitor also conducted a review of the WCJD. There were no deficiencies within that report and the report states staffing ratios have been met over the past year.</p> <p>The facility has within the PREA policy the requirement to conduct and document unannounced rounds. The auditor reviewed the facility logbook that documents rounds conducted by the Administrator. The auditor recommended that the Sheriff also conduct unannounced rounds to include an occasional round during sleeping hours, evenings or weekends when youth are present.</p>

115.315	Limits to cross-gender viewing and searches
	<p data-bbox="252 168 901 201">Auditor Overall Determination: Meets Standard</p> <p data-bbox="252 246 526 280">Auditor Discussion</p> <p data-bbox="252 324 1484 571">The facility does not conduct cross-gender strip searches, cross-gender pat-down searches or cross-gender visual body cavity searches. This was verified through interviews with both staff and the youth. The facility has a method of recording exigent circumstance in a log in the event of an emergency that requires a cross-gender search. Staff receive cross-gender training at correctional officer training academy. The auditor reviewed training records to verify training.</p> <p data-bbox="252 616 1484 996">The facility has good policies and procedures in place that enable residents to shower, toilet and change clothing without staff of the opposite gender viewing them naked. The camera coverage of the toilet area in each youth sleeping room has been pixilated to allow for privacy while toileting. Youth change clothes and shower in a private shower stall. Staff announce their presence when entering a housing area of youth of the opposing gender. These procedures were confirmed through staff and the youth interview. There have been no instances of transgendered or intersex residents admitted to the facility. However, staff were aware of the responsibility of determining sex solely through professional conversation or through part of a broader medical examination by a medical practitioner.</p>

115.316	Residents with disabilities and residents who are limited English proficient
	<p data-bbox="252 1205 901 1238">Auditor Overall Determination: Meets Standard</p> <p data-bbox="252 1283 526 1317">Auditor Discussion</p> <p data-bbox="252 1361 1468 1742">This standard requires that the facility administrator think ahead of how to effectively handle situations involving a youth who is limited English proficient or may have disabilities so that they may fully participate in protection efforts. There have been no instances during this reporting period where resident interpreters, readers or other types of resident assistants were needed or used. The facility does not use residents to interpret for other residents. The facility has posted on all phones the toll free number for the TeleLanguage interpreter they have contracted. These efforts meet the needs for providing an interpretive service available 24-7 that can assist in the intake process, screening process, education on how to report and if need be, to translate during the investigative process.</p>

115.317	Hiring and promotion decisions
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The facility has performed background checks at the time of employment of new hires, upon promotion and every five years. Also, the WCJD performs Child Abuse and Neglect Background Inquiry with the North Dakota Department of Human Services at the time of employment. The facility provided verification of both background checks and child abuse and neglect registry checks to the auditor. The facility includes the required three questions during the employment process and require new hires to affirm that they have a continuing duty to report. They complete these again during the annual review process.

115.318	Upgrades to facilities and technologies
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The facility opened in 2016 and has new camera systems, new digital video recording system and a state of the art intercom system. The administrators consider the ways in which to enhance their efforts and abilities to protect residents from sexual abuse through the use of electronic monitoring and video monitoring. The line staff have been directed by administrators to remain in camera view at all times.

115.321	Evidence protocol and forensic medical examinations
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The investigator from Ward County Sherriff's office immediately reaches out to the state's attorney upon investigation for sexual assault. Ward County uses a "team" approach to ensure that every victim of sexual assault has access to the best possible care and services available from healthcare, law enforcement and advocacy agencies. The Sexual Assault Response Team includes a SANE nurse, a Law Enforcement Officer who has specialized training and experience in the area of sexual assault investigations and an advocate from the rape crisis center. In the interview with the investigator they have received training in sexual abuse evidence collection. In addition, WCJD has a Memorandum of Understanding (MOU) with a local crisis center for sexual assault response. The rape crisis center has trained advocates that provide counseling and support to survivors of sexual assault.

115.322	Policies to ensure referrals of allegations for investigations
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>As soon as the administrator is notified of a sexual assault the protocol is to call investigator from the Ward County Sheriff's office. This office has both law enforcement authority and administrative authority to conduct investigations concerning any allegation of criminal action, misconduct, compliance with rules and regulations and standard operating procedures. An alleged incident of sexual harassment, or incident otherwise deemed to be a PREA violation that does not rise to the level of sexual abuse, is referred to a Facility PREA investigator who has received PREA incident investigation training. The Sheriff's office investigator turns over all allegations of staff criminal sexual misconduct to the North Dakota Bureau of Investigation. There is written investigative policy in the WCJD PREA Policy. Previously posted information was mistakenly removed from their website. The facility immediately corrected this. The investigative policy can be found at https://www.co.ward.nd.us/465/Sexual-Abuse-Policy on the WCJD website.</p>

115.331	Employee training
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>WCJD provides PREA training to all staff. The facility has very good records that include a roster, a tracking sheet to ensure none is missed and a receipt and acknowledgment sheet that the employee or contractor signs stating they have read the PREA policy, they have received training on the specific 11 points outlined in the standard and they understand the policy and the training. There is also documented training specific to LGBTI residents.</p>

115.332	Volunteer and contractor training
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Although volunteers and contractors are never alone with youth without the supervision of WCJD staff, they are very thoroughly educated in much more than just the Zero Tolerance policy and how to report. They view a video; receive training presented by staff and sign documentation of understanding of the training they receive. This was verified through documentation provided to the auditor.</p>

115.333	Resident education
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The facility provides residents initial information on the WCJD zero tolerance policy regarding sexual abuse and sexual harassment and how to report incidents or suspicions of sexual abuse or sexual harassment immediately upon intake. This was evident through the interview with the youth. The youth confirmed receipt of basic information immediately (during intake). Then later, typically within one to two days, met with staff who gave more comprehensive education. The youth also spoke to the information being readily available through the handbook and with posters everywhere throughout the facility.</p>

115.334	Specialized training: Investigations
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The investigator is assigned by the Ward County Sheriff's office who works in conjunction with the State's Attorney. In addition, the North Dakota Children and Family Services investigates all reports of abuse reported on a Form 960. Investigators from these units have received specialized training in conducting such investigations in confinement settings.</p>

115.335	Specialized training: Medical and mental health care
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The health services staff are contracted through Trinity Hospital. They have completed the specialized training through the National Institute of Corrections "PREA Medical Health Care for Sexual Assault Victims in Confinement". Through an interview it is apparent she is knowledgeable in how to detect and assess signs of sexual abuse and sexual harassment; how to preserve physical evidence of sexual abuse; how to respond effectively and professionally to victims of sexual abuse and sexual harassment; and how and to whom to report allegations or suspicions of sexual abuse and sexual harassment. This training is in addition to required staff PREA training. No forensic examinations are conducted on site. All youth who would report a sexual assault are transported to the local hospital with SANE services. The health services staff verbally discloses to youth the limitations of confidentiality and duty to report at the initiation of services.</p>

115.341	Obtaining information from residents
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>WCJD has implemented their screening process. Staff conduct the screening for all incoming youth. The screening documents are maintained locked and secured in a file cabinet. If a youth, through the screening process, is determined to be susceptible to victimization or perpetration of sexual abuse, this is shared with staff only to the extent necessary to provide for the well being of youth. The auditor reviewed the screening tool and randomly selected youth files to review to ensure that screenings are complete.</p>

115.342	Placement of residents
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>WCJD makes placement decisions based on all information obtained to make housing, bed, program, and education assignments for residents with the goal of keeping all residents safe and free from sexual abuse. The Administrator walks through youth areas daily while on duty to ensure they are doing well.</p> <p>The facility takes into account the concerns of a transgendered or intersex resident's own views with respect to his or her own safety. Those views are given serious consideration and this was demonstrated through the interviews of staff. All youth shower separately at the facility. The facility does not place lesbian, gay, bisexual, transgender, or intersex residents in particular housing, bed on the basis of such identification or status, nor does the facility consider lesbian, gay, bisexual, transgender, or intersex identification or status as an indicator of likelihood of being sexually abusive. The facility indicates through interviews that they will consider on a case-by-case basis assignment to a living unit that will ensure the resident's health and safety, and whether the placement would present management or security problems. Facility procedure is to manage a resident's room placement rather than using isolation as a means for protecting the resident's safety. The population of the WCJD is typically so small that rooms are always single occupancy and residents receive very specialized and attentive care while housed at the facility.</p>

115.351	Resident reporting
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>WCJD provides multiple ways for residents to privately report sexual abuse and sexual harassment, or retaliation. Youth speak with the Administrator often and have ready access to her whenever requested. They can write a grievance. There are phones located in the dayrooms of both housing areas. They can place a call and the numbers for assistance are posted at the phone. They have access to report outside of the WCJD by calling the posted numbers for the Domestic Violence Crisis Center in Minot and the Ward County Sheriff's Office. There are posters with the instructions and the phone number for the Domestic Violence Crisis Center posted throughout WCJD. Residents can speak with the nurse practitioner privately at any time by simply making the request. WCJD provides youth with reasonable and confidential access to their attorneys and parent or guardian.</p> <p>The youth reported feeling comfortable reporting directly to staff, but would probably tell a family member. The staff accepts reports made verbally, in writing, anonymously, and from third parties and promptly documents any verbal reports. The facility provides residents with access to tools necessary to make a written report.</p>

115.352	Exhaustion of administrative remedies
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Residents may submit a grievance alleging sexual abuse or harassment without submitting it to a staff member that is subject of the allegation. The youth does not have to complete any other prior steps in order to submit a grievance for an allegation of sexual abuse. There is also no time limit on when a youth can submit a grievance regarding an allegation of sexual abuse. Staff and youth interviews confirmed their knowledge of how the grievance process can be used to report sexual abuse and sexual harassment.

115.353	Resident access to outside confidential support services and legal representation
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	WCJD has an MOU with the Domestic Violence Crisis Center. The auditor witnessed and the youth, later during the youth interview, verified there are posters with the information on how to contact them. If residents request to speak with the nurse practitioner, medical staff can set up a visit with mental health staff at North Central Human Service Center.

115.354	Third-party reporting
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The WCJD website provides information on how an individual can make a third party report. Third parties are able to report sexual abuse and sexual harassment to any facility staff member. In addition, there are posters in the intake area. The WCJD has not received any third party reports.

115.361	Staff and agency reporting duties
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>WCJD requires all staff to report immediately any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment that occurred in a facility, retaliation against residents or staff who reported such an incident; and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation. Apart from reporting to the supervisors, law enforcement or North Dakota Children and Family Services, staff are prohibited from revealing any information related to a sexual abuse report to anyone other than to the extent necessary to make treatment, investigation, and other security and management decisions. Medical practitioners are required to report sexual abuse to designated supervisors as well as to Child Protection. In addition, these requirements are outlined in the WCJD PREA Policy.</p> <p>The facility reports all allegations of sexual abuse and sexual harassment, including third-party and anonymous reports, to the designated investigators. Upon receiving any allegation of sexual abuse, WCJD staff promptly report the allegation to the Ward County Sheriff's Department, to North Dakota Children and Family Services through a form 960 and to parents or legal guardian.</p>

115.362	Agency protection duties
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Through interviews with the administration and staff there is evidence to support that the facility requires all staff to take immediate action to protect the resident from imminent sexual abuse. There have been no instances that a resident was subject to risk of imminent sexual abuse. The WCJD PREA policy requires all staff to immediately respond in the event information is discovered that a resident is in substantial risk of sexual abuse.</p>

115.363	Reporting to other confinement facilities
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Through interviews and as required in the WCJD PREA policy, there are procedures in place to appropriately act upon an allegation of sexual abuse reported by a resident while at another facility. This notification will be made from Administrator to Administrator, the action will be initiated no later than 72 hours and the action will be documented. There was one reported incident that was reported by a youth upon arrival at another facility. The incident was properly investigative and determined to be unsubstantiated.

115.364	Staff first responder duties
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	WCJD staff seemed to be well versed in first responder procedures and were aware of all elements of this standard (separate alleged victim/abuser, preservation and protection of crime scene, to include collection of physical evidence as soon as possible, including the request of the victim not to take any actions which could destroy any physical evidence). Interviews with staff confirmed knowledge of the procedures outlined in policy.

115.365	Coordinated response
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The facility has a written PREA policy which governs the coordinated actions for staff first responders. Training also emphasizes a coordinated effort of first responders, medical and mental health practitioners, investigators, and facility leadership taken in response to an incident of sexual abuse.

115.366	Preservation of ability to protect residents from contact with abusers
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>There are no barriers preventing the Administrator from removing an alleged staff, volunteer, or contractor sexual abuser from contact with residents pending the outcome of the investigation and a determination of discipline.</p> <p>There are no collective bargaining agreements with the WCJD.</p>

115.367	Agency protection against retaliation
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The WCJD written policy related to protection against retaliation tasks the Administrator with monitoring youth who have reported sexual abuse or sexual harassment. Should any other person who cooperates with a sexual misconduct investigation express fear of retaliation; appropriate protective measures will be taken. Retaliation monitoring will be discontinued should the allegation be unfounded. Measures include housing changes, removing contact of alleged staff/resident abusers and emotional support services for those who fear retaliation. There have been no instances of retaliation for reporting. The supervisor keeps a logbook each time contact is made with a resident or staff to follow-up that there has been no retaliation.</p>

115.368	Post-allegation protective custody
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The facility does not use segregated housing of residents as a means to keep them safe from sexual misconduct. Interviews confirmed the prohibition of segregated housing for this purpose.</p>

115.371	Criminal and administrative agency investigations
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The WCDJ had one investigation to review. The investigator follows all standards in the course of his investigation and has received specialized training. Investigative measures include efforts to determine whether staff actions/failures contributed to the abuse documented. The investigator documents through written reports which will include physical/testimonial evidence, credibility reasoning assessments and investigative facts and findings.</p> <p>All written reports will be retained for as long as the alleged abuser is incarcerated or employed by WCJD, plus five years.</p>

115.372	Evidentiary standard for administrative investigations
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The investigators will use no standard higher than a preponderance of evidence in making a determination of alleged sexual abuse/harassment. The auditor reviewed findings for proper standard of proof. Through interviews with the administrator and the investigator, they use no standard higher than the preponderance of evidence in making final determinations of sexual abuse/harassment.</p>

115.373	Reporting to residents
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The WCJD will document notice to a resident as to the outcome through a specific form that was provided to the auditor. They will notify the resident as to whether the allegation was substantiated, unsubstantiated or unfounded.</p>

115.376	Disciplinary sanctions for staff
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Any staff members who violates sexual abuse, sexual harassment and retaliation policies are subject to disciplinary sanctions. Interviews conducted with WCJD Administrators verified that there had been no substantiated allegations at the facility. Interviews confirmed that this standard would be followed should disciplinary measures be required including a report to law enforcement and relevant licensing authorities should termination and/or resignation of staff occur.

115.377	Corrective action for contractors and volunteers
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Any contractor or volunteer who violate sexual abuse, sexual harassment and retaliation policies are subject to disciplinary sanctions including termination of service. The facility has not utilized volunteers in many years. There have been no contractors who have been accused of sexual misconduct.

115.378	Interventions and disciplinary sanctions for residents
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	For incidents of youth-on-youth sexual abuse, sexual harassment or retaliation, administrative sanctions will be handed out following the formal disciplinary processes and applied commensurate with the level of infraction. For criminal allegations following a criminal finding of guilt for resident-on-resident sexual abuse disciplinary sanctions shall be commensurate with the nature and circumstances of the abuse committed.
	A youth's access to general programming or education is not conditional on receiving interventions designed to address/correct underlying reasons or motivations for abuse. Discipline of a resident for sexual contact with staff occurs only upon a finding that the staff member did not consent to such contact. There have been no reports of resident perpetrated sexual abuse or sexual harassment.

115.381	Medical and mental health screenings; history of sexual abuse
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	WCJD staff conduct a screening interview with youth immediately upon arrival. They report any previously unreported sexual abuse to North Dakota Children and Family Services via a Form 960. The facility will verbally obtain informed consent from residents before reporting information about prior sexual victimization that did not occur in an institutional setting for residents over 18 years of age. If sexual abuse or sexual perpetration is disclosed during the screening, they will offer a follow-up meeting with a medical or mental health practitioner within 14 days of the intake screening and document the offer and whether the resident desires to have follow-up with a medical or mental health practitioner.

115.382	Access to emergency medical and mental health services
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The facility provides access to emergency medical and mental health services. In the event services after hours are not available by the facility nurse practitioner, or where indicated in the professional judgment of the nurse practitioner, residents will be taken to Trinity Hospital in Minot. These services have not been used by the WCJD.

115.383	Ongoing medical and mental health care for sexual abuse victims and abusers
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The facility will require that medical and mental health evaluations and treatment are offered at no cost to sexual abuse victims and abusers. The administrator and the Nurse Practitioner will work together to develop an on-going treatment plan and refer to external support services as necessary. In many instances services are accessed through the North Central Human Service Center that provide a range of treatment and support services. If a youth will be taken to the local hospital, tests for sexually transmitted infections and pregnancy will be offered there.

115.386	Sexual abuse incident reviews
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The WCJD has a form used when conducting abuse incident reviews following each sexual abuse investigation specifically answering the questions posed within the standard. There have been no substantiated sexual abuse cases to review.

115.387	Data collection
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
